Dear Valued Customer,

It has been a trying last 2 ½ years for myself and the kennel thanks to social media and the very unprofessional and unkind behavior as demonstrated by the other people. A famous quote from Paul Harvey (AND THE REST OF THE STORY) well, the rest of the story, the court system works when the evidence from both sides is presented (Not Guilty) I'm trying to recover and rebuild Autumn Breeze Kennel. With that said my web site is back on line and I need some new and updated reviews that can dispute all the negative reviews that have surfaced. Web site is [www.abkvc.com](http://www.abkvc.com) go to heading about and then click testimonials.

I have recovered from some health issues and am ready to be full steam ahead with training this year. The new hay field has come in nicely and the pond is awesome as usual. I will have squeak pigeons for sale periodically during the year. I will have ducks for duck search training for lessons anyone may need.

I have a Bracco Italiano litter planned for this spring if you know of anyone that would be interested, please pass on the information. I have changed the dog food I am feeding to Inukshuk 30/25 and the dogs are doing very well on it. I am also very pleased with the amount to feed and good results. If you are interested, I do sell it and it comes in a 33lb bag.

As I look back over the last 2 years, I have enjoyed some nice hunting trips with friends. I thank each of you for the fond memories we shared and look forward to many more. Only the anticipation of new and renewed relationships can outweigh those memories. I sincerely thank each of you for everything past, present, and future.

May GOD bless,

Best regards,

Ed
